NIMBL Success Story

Janus
Solution Manager Training

Capsule

Solution Manager Training

Janus (www.janus.com) - a leading global asset and investment company - requested NIMBL to perform Solution Manager 7.1 customized training and consulting services.

Working closely with Janus' Netweaver and Infrastructure team to tailor specific hands-on Solution Manager training – NIMBL developed specific education based on exactly what Janus needed.

The training provided hands-on practical consulting across multiple Solution Manager components - primarily within the Technical Operations space - which Janus was able to leverage immediately.

What Our Clients Are Saying…

Bridgette Chambers – President & CEO Americas' SAP Users' Group

"With the level of professionalism, expertise, and focus on results that NIMBL brings to the table, they exemplify first class SAP consulting. Combine that with the knowledge that client satisfaction is their primary goal, and you can understand why I'm proud to call NIMBL a trusted partner."

Rom Kosla – PepsiCo Director of Enterprise Application Support

"We have been very pleased with NIMBL and the level of expertise they bring to bear. Without exception, each NIMBL consultant has either met or exceeded PepsiCo's very high standard. I recommend NIMBL for SAP Services."

Kirk Schamel – Gambro Director of Business Solutions

"NIMBL has consistently provided Gambro with top-notch talent. I highly recommend engaging NIMBL."
